Art Unit:

Claims 14-28 and 34-38 are presented for examination.

The amendments and remarks filed on October 19, 1999 have been received and entered.

Claims 14-28 and 34-38 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. The instant specification fails to provide sufficient guidance for a person skilled in the art to practice the instant invention without undue experimentation. The phrase "after cataract formation" is beyond the scope of the enabling disclosure.
